INTRODUCING SANI-BAG+®

Cleaning a commode is an often messy, time consuming process that can lead to dangerous bacterial cross-contamination. The Cleanwaste Sani-Bag+ is a quick, easy, safe solution for hospitals, healthcare facilities and even home healthcare workers.

THE SANI-BAG IS:

- **Safe and Sanitary:** No Spills and No Contact helps to prevent the spread of disease
- **Flexible:** Use with a commode or bed pan
- **Easy:** Pre-loaded with our Poo Powder deodorizing agent
- **Dignified:** No clean up required. Can be used without caregiver assistance
