

Brief Relief in Any Situation

Clean and easy solution to those who need it most

Introducing the Brief Relief Disposable Urine Bag – the ultimate solution for healthcare professionals and patients on the go! This revolutionary product is designed to provide an instant and hygienic way to relieve yourself when you don't have access to a restroom.

Ideal for healthcare professionals who need to take care of their patients in situations where a restroom is not available and perfect for patients who have mobility issues, such as those who are bedridden or have limited access to a restroom.

With the Brief Relief Disposable Urine Bag, you can maintain hygiene and comfort no matter where you are.

- ✦ Powdering agent can gel and absorb up to 24 oz of liquid waste
- ✦ Ideal for bedridden, immobile, and elderly patients
- ✦ 3 Mil volume
- ✦ Snap top closure opens with a locking handle to keep hands from cross contamination
- ✦ One-way funnel design directs liquid to the bottom of the pouch to prevent leaks and spills
- ✦ Landfill safe
- ✦ Strictly for liquid waste usage
